With over 20 workshops and networking events, the Co-operative Management Conference is the premier professional development opportunity for managers, co-ordinators, and staff of housing co-operatives. For the third year we will welcome the Institute of Housing Management and offer the course Property and building administration. We will also offer **Introduction to co-operative housing management in Ontario**. See you in London.

And look for the Green Spot – special workshops about housing co-ops and the environment.

LONDON2010

*London welcomes co-op members
from across the country!*

London is an ideal location for CHF Canada's 2010 annual meeting. In things traditional and contemporary, you'll discover the city offers plenty to see and do. It has everything you need – in dining, culture, entertainment, shopping, sports – but with the added plus of a friendly ambience that is reminiscent of smaller communities.

Actively inclined? Cycle, run or walk along a scenic pathway system that borders much of the banks of the Thames.

Should you want a tranquil break, the Forest City lives up to its name. There are lots of parks and green spaces in the downtown core. Within easy distance, too, are preserved natural areas such as meadows and woodlands in residential neighbourhoods.

By road, rail or air, London is so accessible there's every reason to attend CHF Canada's annual meeting June 9 – 12, 2010.

Pack your bags and plan to be there!
